Position novice peaks: full data and common detail window
PSM L: 11 paired novices / full range
PSM R: 11 paired novices / full range
Novice peak lag (s)
Task A
Task C
PSM L: 11 paired novices / detail
2 endpoint(s) outside detail; all retained in full-range panel
PSM R: 11 paired novices / detail
1 endpoint(s) outside detail; all retained in full-range panel
Same y scale within each row; positive = gaze leads. Orange includes boundary peaks. These individual peaks differ from the paired group contrast.
